

# Asset Management

Maximize utilization, minimize downtime and extend equipment lifecycle

Optimize asset deployment, maintenance and accountability with Xalt Asset Management! Our solution solves the problem of inefficient asset utilization with complete visibility into the use, status and cost of all your assets. This mobile app lets you track and manage your owned and rented equipment, increasing efficiency, reducing idle time and extending asset life.

Tailored for your unique work environment, Xalt Asset Management ensures you gain the most value from your organization’s capital assets. With automated notifications and rules for process adherence, this cost-saving solution lets you increase asset utilization, track associated costs and forecast asset requirements. An easy-to-use mobile-optimized dashboard empowers users to enter and retrieve information about asset location, availability and maintenance status on any iOS, Android or browser device.

## Key features and benefits:

- Improves visibility of assets and their deployment status
- Maximizes asset utilization, reduces idle time and avoids needless rentals
- Optimizes scheduling of preventive maintenance and repair
- Reduces cost of asset planning and management
- Prolongs your equipment’s useful life
- Provides dashboard reporting of operating costs per day or per hour
- Improves costs tracking associated with assets
- Forecasts asset requirements for various jobs
- Improves employee accountability and reduces risk of theft

## Simplify your asset management

Optimize deployment, reduce lost time

**Increases asset utilization**

**Minimizes downtime and waste**

**Extends your equipment lifecycle**

**Prevents unnecessary rentals**

**Reduces overall cost of assets**

Xalt Asset Management...”

- Name, Title, Q&D Construction
