

## Safety

### Digitalize and mobilize construction safety processes

Promote a culture of safety with Hexagon's Xalt Safety for construction organizations. Tailored for your unique work environment, Xalt Safety raises safety awareness, drives adherence to safety processes and ensures workers' knowledge of up-to-date OSHA standards.

By replacing manual forms and procedures with a mobile-enabled, digital app, Xalt Safety brings consistency and accountability to all your safety workflows. The app empowers your team to pinpoint and analyze job hazards, automatically submit incident forms, stay current on safety regulations, send and receive real-time notifications and maintain accurate incident records. This not only reduces accidents at your job sites, but also minimizes the likelihood of legal exposure due to negligence or misunderstanding.

#### Key features and benefits:

- Drives process adherence and regulatory compliance
- Automates notifications about changes or missing information
- Raises awareness about safety hazards
- Reduces your organization's exposure to litigation
- Automates inspections, reports and action plans
- Keeps you up to data on evolving safety standards
- Ensures you close the loop on corrective action
- Provides pushbutton retrieval of information
- Helps create and maintain safer jobsites
- Builds trust with employees through commitment to safety

### Think smart, work safe

Improve hazard analysis, drive process adherence

**Increases OSHA compliance**

**Raises awareness of hazards**

**Reduces legal exposure**

**Improves safety records**

**Builds employee trust**

Improve job hazard analysis, ensure OSHA compliance and create a safer workplace! Xalt Safety provides automated, real-time access on any iOS, Android or browser device.
